Texas Requirements for Apportioned Registration

The following is required for all Texas apportioned applications before they will be processed:

- ✓ **USDOT number for the Motor Carrier Responsible for Safety (CRFS) for each vehicle**
- ✓ **Federal Employer Identification Number (FEIN)**

For information regarding USDOT numbers, visit

<https://fmcsa.dot.gov>

or call 1-800-832-5660

Texas is a Performance and Registration Information System Management (PRISM) Jurisdiction

What is PRISM?

PRISM was developed by the United States Department of Transportation (USDOT) Federal Motor Carrier Safety Administration (FMCSA) to:

- Improve safety performance through education, safety monitoring and registration sanctions
- Reduce the number of commercial vehicle crashes by getting the unsafe driver off the road
- Enhance the process for targeting high-risk, non-compliant motor carriers

By identifying the motor carriers responsible for the safety of these vehicles, PRISM facilitates the use of information collected from FMCSA to:

- Determine motor carrier safety ratings
- Place unsafe motor carriers in the Motor Carrier Safety Improvement Process (MCSIP)
- Allow systematic tracking of unsafe motor carriers and their improvement

How does PRISM affect the Texas IRP registration process?

Texas IRP registration requirement assists FMCSA by collecting information to:

- Identify the motor carrier responsible for safety (CRFS - the person or company who pays for the load on the truck) of the vehicle at the time of registration through a USDOT number.
- Determine the safety fitness rating of the vehicle/operator prior to issuing vehicle registration.
- Suspend vehicle registration when an FMCSA out-of-service order is issued.

USDOT registration information must be updated annually by completing a Motor Carrier Identification report (MCS-150) online at <https://fmcsa.dot.gov>.

Carriers who do not update their information will be denied registration. Forms can be downloaded to fax or mail to the Federal Motor Carrier Safety Administration. Refer to the website for additional mailing instructions.

What information is needed to register?

The IRP account registrant is responsible for submitting the renewal application.

If IRP account registrant and CRFS are the **same**:

- Update USDOT registration information (MCS-150)
- Provide USDOT number and FEIN for each vehicle
- Indicate if CRFS of each vehicle is expected to change during the year

If IRP account registrant and CRFS of any of the vehicles **are different**:

- Update USDOT registration information (MCS-150)
- Provide CRFS USDOT number and FEIN for each vehicle (each vehicle could have a different USDOT and FEIN)
- Indicate if CRFS of each vehicle will change during the year

Renewal Form Schedule A – Vehicle Equipment List

Schedule A is used to compile vehicle information on all Apportioned vehicles in the fleet.

Vehicle Equipment List (Schedule A)

Review all vehicles listed on the Schedule A for accuracy and provide any missing information. Changes to a vehicle or vehicle deletions must be marked in the action box using the following codes:

- C = Changes to vehicle(s)
- D = Delete vehicle(s)

Any vehicles that have been added to the fleet but are not listed on Schedule A may be listed on the additions page under their weight group.

Weight Groups

Weight Groups are identified by vehicle type (Truck Tractor, Truck, Bus or Trailer), CGVW and description.

Weight variances greater than 10% of the registered CGVW, within a single weight group, will require submission of a business plan and the TxIRP Cab Card Weight Schedule form MCD-357 for approval.

Vehicle type abbreviations used in TxIRP:

- TT = Truck Tractor
- TK = Straight Truck
- ST = Semi Trailer
- FT = Full Trailer
- BS = Bus

FEIN

A FEIN, which must coincide with the CRFS, is required for each vehicle in the fleet and can be completed online at www.irs.gov.

SPECIAL USES

Some jurisdictions calculate their registration fees based on type of vehicles. They are:

- **Carnival** - MI
- **Dump Truck** - MD, WA
- **Farm Truck** - MD, MS, OH
- **Household Goods Carrier** - MI, NY
- **Pump/Drill/Crane** - UT
- **Logging Truck** - MN, WA
- **Wrecker** - IN, MD, MI, QC
- **Small Miles/Special Use** - CO

Renewal Form Schedule B Information

Please verify the physical and mailing address on your renewal form. The physical address of the registrant's place of business must be in the state of Texas and cannot be a Post Office Box.

TAX ID (FEIN or EIN)

A FEIN is required for each vehicle in the fleet and can be completed online at www.irs.gov.

USDOT #

The USDOT number is the identification number that the FMCSA assigns to each motor carrier that conducts **interstate** operations.

All carriers operating under their own authority are required to provide their USDOT number. FMCSA requires USDOT information be updated annually by completing a Motor Carrier Identification Report (MCS-150).

USDOT applications and updates can be completed online at: <https://fmcsa.dot.gov> or by contacting the Federal Motor Carrier Safety Administration at 1-800-832-5660.

TX MCR #

The Texas Department of Motor Vehicles Motor Carrier Registration (MCR) number is also known as a Texas DMV number and is issued to motor carriers operating **intrastate**. This number may be found on the MCR Insurance Cab Card Certificate.

MCR/Texas DMV applications can be completed online at www.txdmv.gov or contact the Motor Carrier Division at 1-888-368-4689, options 3 and 1.

DISTANCE CODE INDICATORS - Do not enter "0" as a distance traveled for any jurisdiction. The distance codes used are:

- A = Actual distance accrued for each vehicle in the apportioned fleet.
- 1 = 1st year estimate - adding a new jurisdiction not previously on your cab card, or the entire fleet has not been in operation for the prior 18 months
- 2 = 2nd year estimate - keeping a jurisdiction on your apportioned fleet that did not accrue actual distance
- N = Non-prorated distance - removing a jurisdiction from your apportioned fleet that had actual distance accrued during the requested distance reporting period

Please mark the box next to the desired jurisdictions. Record and code the distance traveled by the entire fleet for each jurisdiction for the reporting period (July 1 thru June 30).

An estimated distance chart has been provided. **Multiply the average distance on the chart by the number of vehicles in the fleet to determine the total estimated distance to be reported on Schedule B.** You may use the enclosed Schedule G when calculating your own estimated distances. In accordance with IRP, these distances must be approved by TxDMV and may be adjusted.

Large distance estimates in jurisdictions with low registration fees will cause the application to be questioned and proof of operations will be required.

Unique Cab Card Weights

Alabama - QUAL displays for vehicles over 80,000 lbs.

Quebec - Number of AXLES displays for up to 6 axles, 6+AXLES displays for over 6 axles

Buses

Cab cards for buses may display the number of seats or QUAL in lieu of CGVW.

Proof of Heavy Vehicle Use Tax (HVUT), IRS Form 2290

Federal law requires proof of payment of the HVUT when licensing vehicles weighing 55,000 lbs. or more (gross weight or CGVW) in any jurisdiction. The vehicle identification numbers listed on Schedule I (Form 2290) must match Schedule A. Proof is not required for units being titled and registered within sixty (60) days of purchase *or* vehicles registered below 55,000 lbs.

Acceptable proof of payment is a copy of a *receipt stamped* IRS Schedule I (Form 2290).

Carriers with 25 or more vehicles are required by law to file electronically. The IRS sends a PDF to send to TxDMV as proof of HVUT payment. The PDF document will have a water mark on the Schedule I and will show the received date. Proof of payment may be a copy of the document (with the watermark) along with a copy of both sides of the canceled check.

If you use owner/operators, copies of their Schedule I or Form 2290/Schedule I receipt stamped and copies of both sides of their canceled check must be included.

Schedule I/Form 2290 must accompany your renewal or the application will be rejected.

Questions regarding HVUT Form 2290 should be directed to the IRS at 1-866-699-4096 or to a local IRS office. Forms and instructions are available online at www.irs.gov.

Proof of Financial Responsibility

The State of Texas has a mandatory financial responsibility law. The most common proof of financial responsibility is a liability insurance card issued by the insurance company.

Other types of acceptable proof include current insurance policies and binders, pool coverage documents and certificates of self-insurance, bond, etc. **Non-trucking and bobtail insurance are not acceptable.**

If you are registered as a motor carrier with the Texas Department of Motor Vehicles, you may submit a copy of your motor carrier insurance cab card certificate.

For leased vehicles, the lessor provides the insurance. Include a copy of the lease agreement with your renewal application. Please submit legible photocopies for proof of financial responsibility.

When and Where to File Your Application

You may complete your renewal online at <https://irp.dot.state.tx.us> or return all forms to the address shown below for processing. A list of due dates is included on Page 14.

Renewals, proof of financial responsibility, MCD-467 and proof of HVUT payment should be mailed to:

The *fast lane* to IRP renewal

Tired of waiting in line?

Don't want to drive any extra miles?

You won't have to, thanks to the Texas Department of Motor Vehicles' new online service, TxIRP, that will let you renew your apportioned registration credentials through the convenience of the internet.

TxIRP is a secure service for fast and easy management of your IRP account. You can access TxIRP anytime, anywhere: 24 hours a day, every day of the year.

You pay for your IRP transactions via electronic check (ACH) and print credentials from the convenience of your computer.

To find out more, go to www.txdmv.gov, or e-mail us at mcd_txirp@txdmv.gov. You can also contact any TxDMV Vehicle Titles and Registration Regional Service Center or call us at 1-888-368-4689, options 3 and 2. Please have your apportioned account or plate number available. The TxIRP online fast lane is located at <https://irp.dot.state.tx.us>.

Renewal Schedule G

Account _____ **Account Name** _____ **Reg Year** _____

This form should only be used if you do not wish to use the estimated distance chart on Page 8 of these instructions. The **Schedule G** is used when calculating your own estimated distances. In accordance with the International Registration Plan, these distances must be approved by the TxDMV and may be adjusted.

Instructions: For each trip, list the **first bordering city** upon entrance of the Jurisdiction which you plan to travel through, indicate the estimated distance multiplied by each trip, per each vehicle designated to travel through that Jurisdiction. This will determine the total estimated distance to report on the Schedule B. Detach the Schedule G and return with your renewal application. Carriers processing renewals online will be required to submit the Schedule G to TxDMV along with any other required documents.

The following schedule should be completed by all Texas-based carriers and should indicate the weight you wish to prorate in that jurisdiction. Vehicles must be listed in the same unit order as on the original application or supplemental application. If this form is completed in conjunction with an apportioned registration renewal application, you need only complete this form if you are making changes to the registered weights of vehicles already in the fleet.

List the total combined Gross Weight of the power vehicles or combination of vehicles (Power Units Only).

Rev. 7/12

Glossary

Apportionable Vehicle - any power unit that is used or intended for use in two or more jurisdictions and is used for the transportation of persons for hire or designed, used, or maintained primarily for the transportation of property, and:

- (a) has two axles and a gross (or registered gross) vehicle weight over 26,000 lbs. (11,793.401 kilograms), or
- (b) has three or more axles, regardless of weight, or
- (c) is used in combination, and the gross vehicle weight of the combination exceeds 26,000 pounds (11,793.401 kilograms).

*Note: Non-Apportionable vehicles: a recreational vehicle, vehicle displaying restricted plates, a bus used in the transportation of chartered parties, or a government-owned vehicle, **are not** apportionable vehicles.* A bus used in the transportation of chartered parties, may be registered under the Plan at the option of the Registrant.

Apportionable Fee - periodic recurring fee or tax for registration, license, or weight

Base Jurisdiction - jurisdiction where an applicant applies for apportioned registration or a jurisdiction that issues apportioned registration to a registrant

Estimated Distance - the anticipated distance a fleet is expected to travel in a jurisdiction during an applicable registration year or the distance assigned to the fleet by the base jurisdiction

Rental Fleet - vehicles offered for rent with or without drivers by the rental owner

Reporting Period - 12 consecutive months beginning July 1 through June 30 of the calendar year immediately preceding the beginning of the registration year. If the registration year begins in July, August, or September, the reporting period will be the previous 12 month period.

Registration Year - the twelve-month period the registration issued to a registrant by the base jurisdiction

Established Place of Business – must have the following qualifications:

- a) a physical structure located within the base jurisdiction
- b) owned or leased by the applicant or registrant
- c) open for business and staffed during regular business hours
 - a. one or more employees on a permanent basis for trucking related business
- d) operational records are maintained at this physical structure (unless under provisions of Section 1020 of the IRP).

Glossary

Residence - the status of an applicant or a registrant as a resident of a jurisdiction.

Total Distance - all distance operated by a fleet of vehicles in member jurisdictions during the reporting period.

Audit - the physical examination of a registrant's operational records, including source documents and accuracy, to verify distances reported in the application for apportioned registration.

Reciprocity - the reciprocal grant by one Jurisdiction to another of operating rights or privileges to properly registered vehicles registered by another jurisdiction.

Registrant - a person to whom a vehicle is registered.

Restricted Plate - has a time, geographic area, distance, or commodity restriction or a mass transit or other special plate issued for a bus leased or owned by a municipal government, a state or provincial transportation authority, or **a private party, and operated as part of an urban mass transit system.**
